

TEXAS A&M AGRI LIFE EXTENSION

May 4-H Newsletter

From your County Extension Agent

Thank you for submitting your thank you letter for the buyers of the 2015 MCJLS, some letters were late so expect some deductions on your check if your letter was late. May will be the last 4-H Club meetings of all the clubs, but if you need to attend any other 4-H activity during the summer we are here to assist you. Some 4-H Clubs will have an end of the year party, please be safe and have a lot of fun. I haven't received many record books or MAP in my office, and I just want to remind you the record book is part of your project. Even though the livestock association don't require the MAP on their rules, it is an important educational tool for our kids. Please educate your kids on the economic side about raising an animal project, so they can understand the finances involved on this activity. The record book or MAP you can find it in our web page maverick.agrilife.org with other publications and newsletters. District 12 Leadership LAB summer camp, and Election Convention will be from June 23 to the 26. You can register for this event in 4-H Connect by the end of the month of May. Also, the Horizons Summer Camp in Brownwood, Texas is from June 28 to July 1, and you can register at the Texas 4-H Center web page.

The 2015 Maverick County Texas Futures Forum was a great event, with the participation of local citizen from different sectors of the community. The event offered the attendees the opportunity to identify new issues in the county, to develop a higher standard programming according to the needs of the community. The major topics covered during the forum were; agriculture and natural resources, youth, health, and community development.
